We highly recommend Andre King, he has the ability to genuinely improve any event you may be planning. We have all heard "brilliantly funny" and that he is, even more though, Andre is also incredibly clever. He captivated and amused a large group of diverse personalities, exceeding all expectations. It is challenging to get a majority of our staff to agree at the best of times and yet Andre easily held the audience with his sheer talent and kept everyone interested, a truly humorous entertainer. The consensus is clear, simply an "excellent night, very funny", thank you Andre. Both personally and professionally a pleasure to deal with. We look forward to seeing you again soon.

I have utilized Andre King as an MC and a comedian for both corporate and private events, and it is with great pleasure that I write a reference for him. Andre's performances have been nothing short of world class and those in attendance always comment positively for days after. Andre has a natural ability to command a room. but in a very relaxed and subtle manner. Andre's delivery is well pitched for the audience, and his scope is well suited for many different occasions and situations. I thoroughly recommend him for any corporate or private events. He is very charming on and off stage, and displayed a wide topical knowledge, and also insight and research into the audience he is speaking to. That level of intelligence alone puts him a cut above most comedians. Andre has never failed to help strengthen our corporate brand positioning, or to become the pivotal success of a private function.

Andre was the host and MC for our school 's Comedy Club fundraiser this year. Andre was great to deal with, super speedy communication via email and really happy to help us out where we needed. As an MC and host for the night Andre was flawless, he held the gig together, provided a smooth transition between the acts and was excellent at managing the crowd. Andre was happy to work with us to plug the various fundraising activities we had running on the evening - which in our experience with other guest speakers hasn 't always been the case. I would highly recommend Andre if you are looking for someone to assist you in putting on a similar event.
