Height 167 cm

MC/Entertainer Biography
JOHNSON&LAIRD

I recently had the had the pleasure of putting together a video production with Lily Barnett in the lead role. Lily turned up to both the audition and shoot day extremely well prepared.

On the shoot day she took direction and also adapted to the script changes that were made with all the composure of someone much more experienced than her. Her energy levels never faded and the last take of the day was as good as the very first.

The entire shoot day relied on her performance and I 'm happy to say it was a great success.

We will definitely be keeping an eye on her for future productions.
