Brodie was ideal for the Sports Awards and had some local insight into Tairāwhiti having been in surf life saving here. She held the audience and kept the evening on track and was able to read the presenters on stage throwing in a bit of light humour. Evening was a huge success, thanks Brodie.

Brodie Kane was an outstanding MC for our 2017 Firefighter Sky Tower Stair Challenge dinner. Brodie's warmth and professionalism made the evening a huge success and the audience responded extremely well to her energy, quick wit and sense of humour. Brodie also showed great sensitivity and compassion in dealing with families that had been affected by blood cancer. We were inundated with positive feedback about Brodie and look forward to working with her in the future. I would recommend her to anyone wanting a first-class MC for their event.

- Georgie Hackett General Manager Leukaemia & Blood

I have known Brodie for almost 2 years now and have dealt with her mainly in the capacity of Tutor at the NZ School of Radio in Tauranga.

Brodie has been teaching TV Presenting at the school a few times a year for the past 2 years. She has been brilliant and is always a pleasure to have.

She interacts really well with the students and keeps things entertaining with a few war stories from the industry, which they love hearing about!

Brodie is a bit of a character and is full of enthusiasm, but approaches tasks with complete professionalism.

We will continue to have her down to the school in the future as she is a huge asset.

Re: Support of Brodie Kane

Experiencing the impact of educating young children through Duffy Books in Homes Role Model assemblies, nothing is more rewarding and satisfying than watching the enthusiasm, excitement and energy of young people eager to listen, watch and learn from our role models.

Brodie was a role model at a number of our schools in Auckland in April this year. Brodie shared with the children her own life story plus reinforcing the Duffy Books in Homes message "Its cool to read, Its cool to achieve". The feedback from young children, teachers, and parents alike, have been super positive and Brodie's message offers the opportunity and an experience for all children and parents who watch to be challenged, inspired and encouraged.

In my role with Books in Homes, we recognise the impact of role models presenting and reinforcing our literacy messages. Through the work of all our role models including Brodie, this creates a fun and cool way to reach children and present specific attitudes, lifestyles and outlooks of life which embodies and provides immense positive benefits for young people.
